"Pape's Diapepsin" Cures
Sour, Gassy Stomachs in
Five Minutes

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, floating, foggy breath of headache.
Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world and besides it is harmless.
Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Diapepsin belongs in your home anyway. It should be kept handy, should one of the family eat something which doesn't agree with them or in case of an attack of indigestion, dyspepsia, gas, or stomach derangement at day-time or during the night it is there to give the quickest, surest relief known.—advertisement.

SPORT KAMEHAMEHA

Dispatches from the Serbian capital state that King Nicholas and Crown Prince Danilo held a council of war Saturday with the Serbian command. Gen. Papovitch, to prepare for a new attack on Scutari. The Serbian transports have succeeded in disembarking at Giovanni Dimecia a number of Serbian troops, heavy artillery and other war materials. It is stated that the Serbian army in front of Scutari numbers 42,000 men. An artillery duel is proceeding along the whole line front before Scutari.

OVER-NIGHT FEDERAL WIRELESS To the Advertiser

Hawaiian Democrats stormed the president and members of the cabinet urging the appointment of L. L. McCandless as governor, and P. P. Woods as secretary of the territory, and the immediate displacement of Governor Frear and Secretary Mott-Smith. Strees has been laid on the claims of the fitness of McCandless as a resident of Honolulu for thirty years and that he has headed the Democratic tickets for the last six years, and that Woods is Hawaiian born, educated in California and twice member of the Hawaiian senate.

From the Philippines, Judge James Ross, chairman of the Insular Democratic committee and Major Thomas Hartman, leader of the Philippine Republicans, are giving suggestions as to available "local timber" for the principal Philippine government.

So far as can be learned President Wilson is giving these Pacific island beams no more than the polite consideration due those who travel many miles to show him how to run the insular governments. It is almost a certainty that the new Philippine governor-general and commissioners will be men who have had no previous connection with the islands.

The Hawaiian candidate will be considered from the point of executive capacity only, while past political performances will not figure.

In view of the fact that the progress of installing the armament in the sea-coast fortifications in the Hawaiian islands has reached such a stage that it is necessary to increase the number of troops to care for it, the war department has decided to send the Fifty-fifth Company Coast Artillery Corps, now at Fort Dupont, Delaware, to Fort De Russy. The company, numbering 104 enlisted men, will embark on the transport to leave San Francisco on May 5. The following officers will be attached to the company, they having been selected as nearly as practicable in accordance with their standing on the foreign service roster: Captain Chas. A. Wynn, First Lieutenant Geo. L. Vanduzen and Second Lieutenant Claude M. Barnes.

The Third Battalion of Engineers, now at Fort De Russy, will be transferred to Schofield Barracks.

The naval authorities in Washington have not yet received details of the recent accident to the big drydock at Pearl Harbor, Hawaii. A brief telegraphic report had reached Washington at the time of the accident. The report mailed from Honolulu is expected tomorrow. The president of the San Francisco Bridge Company, the contractors for the dock, who investigated the cause of the mishap in person, is now on his way to consult with the naval experts.

Six chiefs in feathers and war paint, representing the Sioux Blackfoot and Crow tribes, mourned over the body of Hollow Horn Bear, chief of the Sioux, as the coffin was removed today for burial at Crookston, Minnesota.

The silver jubilee of the German emperor will be celebrated June 15. In all parts of the empire preparations are being made to honor the kaiser. The silversmiths of Cologne are now engaged upon what they believe will prove the most appropriate of the presents. It is a huge casket typifying peace, valor and patriotism. Surmounting the lid is an exact facsimile of the famous kaiser.

The British authorities are investigating the death of Anna Wilson, the young American actress who played with Anna Held in "Miss Innocence" and later in a "Winsome Widow." Cable advices received today say Miss Wilson died aboard the Oceanic as she was nearing Southampton. The circumstances are not yet disclosed.

It is customary for the Pope to deliver a short address when receiving the palms. Under the advice of his physicians, however, Pope Pius today omitted that ceremony. The latest announcement by his physicians is that the Pope is practically recovered from his illness.

The home of C. M. Schwab, president of the Bethlehem Steel Company, was robbed last night and several thousand dollars' worth of silverware and jewelry secured, and a few hours after detectives were put on the case. Today Schwab's valet and three other men were detained by the police in connection with the robbery.

The new military spirit dominated a quarter of a million Frenchmen, who today surrounded the reviewing field at Vincennes, where 30,000 troops saluted President Poincare. Throughout the throng groups of young men chanted for three hours of army service. In other quarters of Paris, anti-military meetings were held by the Socialists.

General Ojeda, with a force of 475 federals, is fighting an enemy of more than twice that amount this afternoon in what may prove to be the decisive battle for supremacy in northern Sonora.

Bottled up at Naco, with constitutionalists advancing from east, west, and south, the commander of Huerta's army unexpectedly left his fortifications and marched two miles south-east to meet the columns of Elias and Prefecto Bracanoute.

A brisk engagement began at once, the federals using field artillery with effect. By 11 o'clock the battle was in progress two miles below the border.

Taking its heaviest toll of life in the States of Georgia, Tennessee, Alabama, Texas, Louisiana and Mississippi, 84 persons are known to have met death in the terrific storm which yesterday swept the Middle West and the South.

The death lists of States are as follows:
Georgia 29, Tennessee 23, Alabama 13, Texas 5, Louisiana 7, Mississippi 7. The property loss is enormous. Estimates today vary. The damage will range from four to ten million dollars.

Telephone and telegraph communication are down in a score of small Southern cities.

That there is a vast difference between the yachting sportsmen of New York and San Francisco, which reflects greatly to the credit of the latter city, is the opinion of Sir Thomas Lipton.

In an interview, Lipton comments the San Francisco sportsmen for allowing him to enter a boat for the Panama-Pacific Exposition world's championship regatta under European specifications.

"I will bring a 25-meter Shamrock to San Francisco," Sir Thomas declared. "This is about the size of a 75-foot boat the New York Yacht Club refused to race with. I am going to do my best to help the greatest exhibition on earth."

The Antarctic exploration ship Aurora arrived at Hobart today with valuable meteorological data secured by members of the Mawson expedition party. Referring to Lieutenant Mawson's recent wireless message to Melbourne in connection with the terrible weather conditions existing in the Antarctic the members of the Aurora's crew stated it has been proven by that party that the wind has blown across the icy regions at the rate of 202 miles an hour.

10-YEAR CASE YIELDS

We copy the following from a letter from D. O. Robinson, Spartanburg, S. C.:

"I called on Mr. J. A. Thompson, who was afflicted ten years ago with chronic Bright's Disease. It gradually grew worse until two years ago he was bedridden. Son and family gave up hope. Tried the Renal Compound, using about a dozen. Now up and much improved. Is well known. You can use this item, as he gives this privilege. His son is a prominent dentist."

There is no question about this patient having the chronic and supposed incurable form of kidney disease, some late writers declare the sixth month puts the disease over the dead line. Physicians declared the chronic stage in this case was established ten years ago. Also note that patient was bedfast for two years before taking the treatment. This makes up a hopeless case under the old regime.

We have declared over and over that there is some hope in even old and extreme cases, for some of them yield as in the above instance.

What excuse can be given for holding people who have chronic kidney disease to almost certain failure on Digitalis, Nitro-Glycerine and Balsam's Mixture when there is hope through the simple addition of this new bland and simple treatment. It does not conflict with physicians' prescriptions. Cases not serious enough to be in the hands of physicians often yield to Fulton's Renal Compound unaided. We desire to hear from and advise with cases not yielding.
